KHELPS
In times of need, Kentucky helps.

Coming in 2010: two free summer workshops that will provide basic Medical Reserve Corps (MRC) and Point of Dispensing (POD) training for volunteers and professionals interested in offering assistance during public health emergencies. The 2010 Workshops will include:

- MRC and K HELPS orientation
- Introduction to the Strategic National Stockpile (SNS)
- Group trainings for pharmacists, physicians, nurses, emergency medical services, social workers, communications, administrative and non-medical personnel
- Setting up and operating a POD clinic
- Refreshments and lunch will be provided
- Free CEUs for most professionals
